

## Planning Board meeting November 2, 2022

7pm-8:30pm

### In attendance:

Ken Kahn, Richard Nathhorst, Van Stoddard, Swan Keyes, Tom Ewing, Tim Shores.  
(Steve Freedman absent due to a Community Preservation Commission meeting scheduled for the same time)

And briefly in attendance, a Zoom raider by the supposed name of Gabriel Munuouz who treated the Planning Board to some pre-recorded lewdness. Richard deftly censored and bounced "Mr. Munuouz".

Minutes taken by Tim Shores

1. Minutes from the October 12 meeting (taken by Tim with some minor revisions by Ken) approved unanimously.
2. The Board reviewed the latest draft of the Comprehensive Plan RFP and voted unanimously on the following next steps:
  1. Tim will incorporate the changes requested at this meeting and the changes recommended by Steve in email.
  2. Tim will work with Margie McGinnis on two specific revisions: a) Would she add any language to the RFP selection criteria; b) What amount would she recommend as the "not-to-exceed budget including expenses for the engagement of Comprehensive Plan consultants" on the RFP P. 2.
  3. With all changes made, Tim will send the draft to all Planning Board members by email. Board members are invited to send feedback directly to Tim, without copying other Board members, and Tim will incorporate requested changes. If nobody requests changes within 24 hours, the approval of the RFP voted on at this meeting stands and Tim will submit the final draft to Margie for public posting and circulation to planning consultants.
3. Call-in business: none.

**P.S.** Tim recommends that everyone watch **The Field** with Richard Harris, John Hurt, and Tom Berenger, and to reflect on the shared human experience of overheated tempers when a community lapses into conflict over the control of a cherished field.
