**THE TOWN OF LEVERETT'S
COMMUNITY CHOICE POWER SUPPLY PROGRAM
RATE INCREASE NOTIFICATION**

IMPORTANT UPDATE: As the result of a change in law, the Town of Leverett's current aggregation rates **will increase by \$0.002 per kWh effective with the July 2022 meter reads.** This applies to both the Standard Product (increasing from \$0.10052 per kWh to \$0.10252 per kWh) and the Optional Green Product (increasing from \$0.12289 per kWh to \$0.12489 per kWh). The new rates will be fixed through the remainder of the term, ending December 2022.

WHAT IS A CHANGE IN LAW AND HOW CAN IT RESULT IN A RATE INCREASE? A change in law is a regulatory event that results in a direct, material increase in costs during the term of an electric power supply contract. At the request of ISO New England (ISO-NE), the Federal Energy Regulatory Commission (FERC) approved a unique fuel security contract with the costs associated with such contract imposed on all market suppliers. The fuel security contracts will support the continued operations of two generating units located just north of Boston and deemed critical by ISO-NE to maintain both fuel security and system reliability over the next two years (from June 2022 through May 2024). This cost allocation resulted in unexpected supplier costs, which in turn resulted in a rate increase effective with the July 2022 meter reads. [To review materials on this issue, please visit iso-ne.com/committees/key-projects/implemented/forward-capacity-market--retain-resources-for-fuel].

WHAT IS THE IMPACT OF THE RATE INCREASE? Given average usage of 600 kWh per month, the new aggregation rates represent an increase of \$1.20 per month versus the current rates for both the Standard Product and the Optional Green Product. [For a per kWh comparison against Eversource's Basic Service rates effective July 1, 2022, please see the **NEW RATES AND TERMS** chart below.]

For questions about the rate increase or your options, please call Colonial Power Group at (866) 485-5858 ext. 1.

The Town of Leverett is pleased to announce that **First Point Power** ("First Point") has been selected as the supplier for its Community Choice Power Supply Program ("Program"). First Point will provide electric power supply for all consumers participating in Leverett's Program. This notice is intended to tell you about this Program for electric power supply. In accordance with state law, it also informs you of your rights and options if you choose not to participate in the Program.

YOU WILL NOT NOTICE ANY CHANGE IN YOUR ELECTRICITY SERVICE. You will continue to see First Point printed under the "Supplier Services" section of your monthly bill. You will continue to receive one bill from Eversource. You will continue to send your payments to Eversource for processing. Eversource will continue to respond to emergencies, read meters and maintain the distribution and transmission lines. Reliability and quality of service will remain the same. Furthermore, you will continue to have all existing consumer rights and protections.
